Big Loss Reported As Fire Razes Mill Kiln At Ray-Mac

Fire Sunday night virtually destroyed one dry kiln and boiler room at the Ray-Mac Mill just west of Truckee along the Truckee river.

Starting at 9:30 p. m. Sunday night, the fire blazed out of control during the early part of the night because of inability of the firemen to obtain water. It was necessary to bulldoze a road from the mill site to the river, a distance of some 200 yards, through the packed snow and ice before water could be poured on the advancing flames in sufficient quantity to prevent the fire from spreading.

This process consumed more than an hour. In the meantime, the Truckee Volunteers were assisted by the Donner Lake and Tahoe City departments which respond to a second alarm.

Throughout the night, with the temperature around the zero mark, the volunteers worked to halt the difficult blaze which apparently started in the dry kiln, which was completely razed along with thousands of feet of choice lumber. A second kiln adjoining the one burned, was saved through the efforts of the firemen.

Fire Commissioner N. F. Dolley who attended the fire for several hours, said the loss is expected to run over \$100,000, including the valuable equipment, buildings and the curing lumber.

Fortunately no one was reported injured.

The mill is owned by the Spaulding Lumber Company and it is expected that work on rebuilding will be started immediately.

At 5 a. m. Monday morning, firemen were still mopping up and attempting to restore and dry frozen hose and other equipment.

Tahoe Level Still Is Being Lowered

TAHOE CITY—With 400 cubic feet of water per second leaving the gates, the level of Lake Tahoe Tuesday was down to 6227.84, more than a foot below the legal maximum, 6229.10 feet.

Federal Watermaster Claude Dukes at Reno reports that threats of a flood due to the deep snow-pack in the Sierra are being held in check by the cold weather. A warm trend or rain could cause flood conditions similar to last December's flood, Dukes indicated.

Boca and Prosser reservoirs and Donner Lake have been kept to a low level over the past three months to accommodate any possible flood. Boca with a capacity of 41,000 acre feet is down to 2,000, while Prosser with a capacity of 30,000 acre feet now has 9,400. At Donner, with a 9,500 acre foot capacity, there are now only 1,000.

Cub Carolers Liven Holiday In District

Cub Scouts from Den No. 1 of Donner Lake went caroling in the neighborhood Tuesday evening bringing the glorious meaning of Christmas to many.

The carolers used candles to light their way as they sang in the snow covered area.

A Christmas party was given the Scouts by Den Mother Lona Boren before Rev. J. Howard of the Sierra Bible Chapel showed a movie of the story of Christmas. He also taught the children to make a Nativity scene from a paper cut-out.

Singing Christmas carols were: Rod McGrath, Richie Quist, Kurt Schultz, Mike Money, John and Dick Boren, Mark Walker, David Haley and guest Duke Malcolm. Adding to the boys voices were Marlene Schultz, Colin Money, Mrs. Kitty Money and Mrs. Lona Boren.

Churches Prepare For Services Here On Christmas Eve

At the Church of the Mountains (Methodist) in Truckee, a candlelight community service will be held at 11 p. m. Christmas Eve, Rev. William Marx, pastor, announced. On Sunday a service of carols and scripture depicting the Christmas story will be held at the church at 11 a. m.

This same type of program will be held at the Kings Beach Community Methodist Church with the Christmas Eve candlelighting service at 7:30 p. m. and the carol and scripture story of Christmas at 9:30 a. m. Sunday.

A midnight mass will be held at the Assumption Catholic Church in Truckee Christmas Eve, with a 10 a. m. mass on Christmas Day, Father Patrick Coffey announced. Confessions will be from 7 to 9 p. m. Christmas Eve.

A midnight mass Christmas Eve and a 10 a. m. mass Christmas Day will be held at the Kings Beach Catholic Church with confessions Christmas Eve from 2 to 4 p. m.

Rev. Bob Duffer, pastor of the Truckee Baptist Church will have a Christmas theme at the regular church hours on Sunday. The service to be read in Christian Science churches Sunday will emphasize the rich blessings which an understanding of Christ Jesus' mission brings to mankind. The Lesson-Sermon begins with the prophecy from Isaiah (9:6): "Unto us a child is born, unto us a son is given; and the government shall be upon his shoulder; and his name shall be called Wonderful, Counsellor, The mighty God, The everlasting, The Prince of Peace."

Three identical services—at the hours of 7, 9 and 11 p. m.—will be held at the Squaw Valley United Church of Christ, on Christmas Eve, Friday, December 24.

The service will be led by the Rev. Ed Cunningham, acting minister of the church. "A Night in Bethlehem" will be the theme of the service, which will feature carol singing, reading, recorded music, a meditation by the minister, and an impressive candlelighting service centered around the beautiful ceramic creche that has been set up in the foyer of the church.

These services are annual presentations in the unique Squaw Valley chapel, and men, women and children from the entire area, plus visitors, are invited to attend this meaningful service, Rev. Cunningham said.

Rev. William Dowling, pastor of the Lutheran Church of North Tahoe, said candlelight services will be held in the edifice of the Methodist Church at Kings Beach at 11 p. m. Christmas Eve. The topic of the service will be "No Vacancy". The public is invited and will be welcomed, Pastor Dowling said.

YOUTHFUL ESCAPEES ARE HELD TO ANSWER

Three youthful escapees from the Washington Ridge Youth Authority Camp were held to answer on robbery charges following their hearing in the justice court at Nevada City Monday. The boys were arrested by officers of the California Highway Patrol near Kingsvale shortly after the robbery.

They were accused of tying up Warner Ferguson, who lives near the camp and escaping with his camper truck; \$19 in cash and other items.

The three were nabbed by Patrolman Carroll Maynard and Don Marker November 15 following a wild chase through the mountains, and were returned to jail at Nevada City.

REAPPORTIONMENT OF COUNTY STUDIED

Reapportionment, whether it will have a good or harmful effect upon the people, seems to be the order of the day.

At their meeting Monday, the Nevada County Board of Supervisors heard an appeal to reapportion the county according to population. Since the fifth district, including Truckee and Donner Lake comprise only about 10 per cent, while other districts have more than 27 per cent, this would mean the local district would be designed to embrace an area far removed and virtually foreign to local requirements.

No immediate action is contemplated, but the matter appears to be certain for the future.

**DONNER
DOINGS....**

By Marcella Corro

The children are enjoying their Christmas vacation from school these next two weeks. Isn't it nice to have them buzzing in and out, baking Christmas cookies, wrapping packages and doing their last minute shoppings? And the ever excitement waiting for Santa.

The Donner Lake firemen held their annual Christmas party last Thursday at the Donner Lake Lodge. After a tasty buffet was served the group joined in singing Christmas carols under the direction of Georgiana King and Willie Curran. Muriel Wiser played the accompaniment. A money tree was presented to the fire department.

The resorts are reserved to capacity for the holiday season. We do need a fresh snow for the ski enthusiasts. Many home owners are planning a white Christmas, including the Eric Krag and Robert Jones families. Also Dr. Smiley and family who purchased the Van Hooser cabin, overlooking the lake.

What pleasant holidays for Carson and Vi White to have their son Charlie home for two weeks. Charlie flew from Kennedy airport to San Francisco where Mom and Dad met him. If anyone wants to see him, I think you'll find him on his favorite ski slopes. Nice to have you home, Charlie.

The Lions enjoyed their Christmas party Saturday at Smart's Chuck and Leone Baker and Paul and Esther Shively were hosts for the pre-meet. After a delicious dinner served, the social set enjoyed dancing to a three-piece western group. The evening wouldn't be complete without Edwin Riley as Santa Claus for the his and hers gift exchange. A gala evening. Merry Christmas to all.

During the Middle Ages, the substitution of coal for Europe's dwindling timber supply created the smoke and soot that still plague some industrial cities.

**FREEWAYS FOUND TO
LESSEN CAR MISHAPS**

SACRAMENTO — (CNS) — Travel on the 14,288 miles of California's state highway system in 1964 equalled 89,500 round trips to the moon, or a total of 42.8 billion miles, and nearly half of it was on freeways.

The state division of highways said travel gained 3.8 billion miles during 1964, as compared to 1963. All of the gain was in freeway travel, as the number of miles traveled on expressways and conventional highways actually declined slightly during the year.

There were a total of 115,453 accidents on the state highway system in 1964, an accident rate of 2.7 per million vehicle miles. This compared to a rate of 2.6 per MVM in 1963.

However, while freeways carried 49 per cent of the total traffic mileage, they accounted for only 31,075 of the accidents, for a rate of 1.47 per MVM, as compared to 84,378 accidents and a rate of 3.90 per MVM on the conventional highways.

**WORK ON FREEWAY
HALTED BY STORMS**

Rain and cold weather have made it necessary to suspend construction on a \$5 million, 3½-mile unit of the Grass Valley-Nevada City freeway (Routes 20/49), according to a joint announcement by officials of the State Division of Highways and Norman I. Fadel, Inc., of Marysville, contractor.

Work on this project through Nevada City was begun last January and is about one-third finished. Completion is estimated for late 1966.

Arthur Nelson of Yuba City is resident engineer.

The first colonial act effectively regulating the practice of medicine in this country came in 1760, requiring examination by a board of government authorities assisted by qualified persons.

**Water Problems
Will Be Aired At
Sacramento Meet**

The California Water Commission will conduct a public hearing to receive comments of interested persons and agencies on the language and scope of the provisional California-Nevada Interstate Compact concerning waters of Lake Tahoe, Truckee and Carson rivers and the Walker river basin, at 10 a. m. January 7 in the Resources Building Auditorium, 1416 Ninth Street in Sacramento.

Related subjects, such as water supplies and projected water requirements; flood control needs and plans in the general area compact and proposals for waste disposal in the Tahoe Basin, will also be under discussion.

Also on the agenda will be the need for a broad, overall resources planning in the areas affected.

Concerning the compact, the commission seeks comments specifically on whether the provisional compact is in the public interest of the state, whether it is supported by the people of the area affected any suggestions for improvement consistent with the needs and desires of both states.

Oral testimony will be taken, although it is suggested that testimony of a technical nature should be in writing and sufficient copies for all commission members.

**Social Security Office
Will Remain Open for
Medicare Applicants**

The Reno Social Security Administration office will remain open Saturday mornings and two extra nights each week to enroll applicants of "Medicare", Art Johnson, district manager, announced today.

Johnson stated that the Social Security Administration office will remain open until 8 p. m. Tuesday and Thursday evenings (except December 23rd and December 30th) and until 12 noon on Saturdays so that people still working may file for medicare. He stressed that anyone who is 65 or over should file as soon as possible to avoid the last minute rush.

The deadline for filing for those

persons already 65, is March 31, 1966. Persons failing to file by March 31, 1966, will lose the right to enroll for the supplemental medical insurance benefit until the next enrollment period beginning in October, 1967, he indicated.

SIERRA SKIING

By VI WHITE

Good skiing still prevails on Sierra slopes, with old snow in a sugary powder state with a few icy spots and some rocks showing here and there.

Hundreds of people are up for the holidays enjoying the sunny but cold weather. Some are staying in their cabins for a white Christmas and a week of excitement before New Year.

Several resorts are having special events and races for all ages next week so no one should be left out if they want to participate in more than just yo-yo skiing.

FINAL COUNT SHOWS 1965 DEER KILL DOWN

With the official totals for 1965 now in, the current buck season in California dropped 5,380 deer from the take in the 1964 regular season, the state fish and game department reported.

The December 15 closing date for tag returns this year disclosed 61,224 buck were taken compared with 66,583 in 1964. The 1965 take was substantially above the 1963 bag of 56,814, the department said.

In Nevada County the latest figures show 890 bucks killed during 1965 compared to 1,194 during 1964. The combined average for the 1960-64 period showed 1,041. Placer County dropped from 1,168 in 1964 to 876 during 1965 and had a combined 1960-64 average of 940.

Sierra County was hardest hit with only 587 taken in 1965 and 1,933 in 1964. The county had a combined yearly average of 923.

Clarita Richards Is Wed To Karl Giesick

In a double ring ceremony at Carson City December 11, Miss Clarita Richards became the bride of Karl Giesick. A white brocade sheath dress, matching coat with portrait collar were worn by the bride.

Yvonne Elder was her only attendant and Clay Elder, cousin of the bridegroom, performed the duties of best man.

The young couple was honored at a reception at the Continental Lodge in Reno attended by family members and close friends.

The new Mrs. Giesick is the daughter of Mr. and Mrs. J. R. Richards of Donner Lake. She attended Tahoe Truckee High School and graduated from Brigham Young University at Provo, Utah, where she was queen attendant at the intercollegiate rodeo. She was also chosen as first runnerup in the Maid of Nevada County Contest. For the past three years, Mrs. Giesick has been employed at Aerojet in Sacramento.

The bridegroom is the son of Mr. and Mrs. Samuel S. Giesick and attended WCHS at Leoti, Kansas. He is presently employed at Elder's Tire Shop in Auburn.

After a honeymoon trip to Kansas and a tour of the southwestern states and Mexico, the couple will make their home in Auburn.

Reward Offered To Halt Utility Losses

Plagued by continuing incidents of vandalism, property damage and theft, Sierra Pacific Power Company this week raised its rewards for reports of such injury from \$50 to \$250.

Frank Giovannoni, Tahoe-Truckee district manager for the company, said that the firm had to act to prevent recurrence of recent incidents, one of which caused a southwest Reno power outage of almost 40 minutes.

Merle H. Atcheson, senior vice president of the company revealed that they are raising the reward money and that the company will keep some wires hot which have been on standby as insurance against the theft of valuable wire.

Giovannoni said that this policy will be effective in the Truckee and Lake Tahoe districts, where many ceramic insulators have been the target for shooters and where the theft of valuable copper wire has been frequent.

Company officials urged any citizen witnessing or discovering vandalism, property damage or thefts to file a report with law enforcement officers and the nearest company office. Following the customary pattern of law, the reward is payable for "information leading to the arrest and conviction" of the person responsible.

New Squaw Row Looms With Suit

The apparent endless squabble over property and facilities at Squaw Valley erupted again last week when a dispute over the use of the speed skating rink used during the 1960 Winter Olympic Games resulted in a request for a restraining order in the Placer County Superior Court.

The action was filed by the Squaw Valley Development Company headed by Alexander Cushing who wants to use the site for parking cars while the Squaw Valley Improvement Corporation, headed by William Newsom, Sr., wants to use it for a baseball park.

Attorney Frank Tuttle who filed the action, said representatives of the improvement corporation, which leased some of the Olympic ground and facilities, has told the state beaches and parks to keep off the land. He said the state is in agreement with Cushing to use the area for parking some 300 cars and would keep the area cleared of snow.

At the same time, a hearing is scheduled at the request of Newsom for a restraining order to keep Cushing from allowing water to flow from a diversion dam onto his property.
